

Pumphouse Players, Inc. is one of the oldest continuously running community theatres in Georgia, active for over 50 years. Pumphouse is based in the intimate 70-seat historic Legion Theatre, a converted 1940s cinema, that puts the audience right into the action. Welcoming adults and youth of all ages, Pumphouse prides itself on its blend of professionals and amateurs that create high-quality entertainment for Cartersville, Bartow County, and the surrounding area.

We take our mission to provide opportunities for all willing individuals to participate in the performing arts very seriously. It is our legacy handed down by generations of local artists that our artists work toward every day. When you become one of our champions, you join that legacy. **Can you support the arts and arts education today?**

## FOUR PROGRAMS, ONE HOME

Our **Pumphouse Players mainstage season** (AKA our “regular season”) often features 6-8 full-length plays and musicals submitted and selected by our audiences and members. It is FREE for any community member to audition and participate in these plays. Auditions are open to folks of all experience levels! It is rare for us to have a show without any newcomers.

Our **Pumphouse Junior youth program** focuses on youth in grades K-12 from public, private, and homeschool backgrounds. Together, our Jr. volunteer team and young artists put together quality performances while learning about stagecraft, emotional intelligence, and cooperation. Our multi-age program encourages leadership, mentorship, and teamwork while offering opportunities for family groups to participate together.

Our **Pumphouse Playwrights new play development program** offers opportunities for playwrights to showcase and develop their work by providing staged readings for Georgia playwrights. Our committee reads submissions year-round and selects new plays to present to our audiences for help with development.

Our **Pumphouse Unlimited program** is home to our more challenging, boundary-pushing, and non-traditional shows and events, including Legion of Comedy improv, historic ghost tours, fully-staged plays, and other special events. Our Unlimited team is committed to finding new ways, both scripted and unscripted, to surprise, shock, and delight audiences. Through this program, we challenge our artists and audiences to grow together.

## BUSINESS/CORPORATE SPONSORSHIP LEVELS
